Department of Housing and - Land Disposition Agreement
Community Development

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of the Land Disposition Agreement with Oak Pointe Associates, LLC, Developer, for the sale of the City-owned properties located at 501 and 503 Laurens Street.

AMOUNT OF MONEY AND SOURCE:

\$6,930.00

BACKGROUND/EXPLANATION:

The Developer will rehabilitate the vacant buildings which will be used as residential housing, to be sold to homeowners. The properties are in the Upton neighborhood.

STATEMENT OF PURPOSE AND RATIONALE FOR SALE BELOW THE PRICE DETERMINED BY THE WAIVER VALUATION PROCESS:

The properties were valued pursuant to the Appraisal Policy of Baltimore City through the Waiver Valuation Process. The Waiver Valuation Price for 501 and 503 Laurens Street is \$6,125.00 each and the purchase price is \$3,465.00 each for a total of \$6,930.00.

Sale of these vacant properties at a price below the waiver valuation value will be a specific benefit to the immediate community, eliminate blight, create jobs during reconstruction and the properties will be returned to the tax rolls.

MBE/WBE PARTICIPATION:

The Developer will purchase the property for a price that is less than \$50,000.00 and will receive no City funds or incentives for the purchase or rehabilitation; therefore, MBE/WBE is not applicable.

ACTION REQUESTED OF B/E:

The Board is requested to approve an Expenditure of Funds to authorize the Department of Health's Women, Infant and Children (WIC) program, Tenant, to continue to pay month-to-month rental expenses, by Expenditure Authorization, to Bon Secours Baltimore Health Systems, Inc., Landlord, for the property located at 26 N. Fulton Avenue. The period of the Expenditure of Funds is June 1, 2016 through August 31, 2016.

AMOUNT OF MONEY AND SOURCE:

\$422.55 - Monthly Rent

The rental expense for the use of two additional phone lines will be \$200.00 per month and \$29.63 per month for shared copier and paper.

Account: 4000-423216-3080-294100-603013 (June rent)
 4000-423217-3080-294100-603013 (July and August rent)

BACKGROUND/EXPLANATION:

The Lease Agreement for the above property expired December 31, 2015.

The Landlord and Tenant are negotiating a new lease agreement for the Tenant's WIC program to remain at the site. Negotiations have taken longer than anticipated. The Department of Health's WIC program will continue to pay rent on a month-to-month basis until a lease agreement has been approved and executed by the Board of Estimates. It is expected that the negotiations will be concluded on or before August 31, 2016.

and Cooperative Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Revised Notice of Award (NoA) and Cooperative Agreement with the Department of Health and Human Services, Centers for Disease Control and Prevention, National Center for HIV, Viral Hepatitis, STDs and TB Prevention.

AMOUNT OF MONEY AND SOURCE:

\$139,793.00 - 4000-422116-3030-271400-404001

BACKGROUND/EXPLANATION:

On January 13, 2016, the Board approved the initial NoA and Cooperative Agreement in the amount of \$46,598.00 for the period January 1, 2016 through December 31, 2016.

The revised NoA in the amount of \$139,793.00 is for partial funding to support the TB clinical services. This makes the total award \$186,391.00. All other terms and conditions remain in effect throughout the budget period, unless changed in writing by the Grants Management Officer.

The Revised NoA is late because it was delayed during the Department's administrative review process.

Health Department - Employee Expense Statement

ACTION REQUESTED OF B/E:

The Board is requested to approve the Employee Expense Statement for Mr. Elmer Carmon for mileage for the month of December 2015.

AMOUNT OF MONEY AND SOURCE:

\$369.75 - 1001-000000-3030-271600-603002

BACKGROUND/EXPLANATION:

Mr. Carmon failed to submit the expense form for December 2015. He did submit the expense form in February, however it was lost. The expense form is now outside of the guidelines set forth by AM 240-11. The Department apologizes for the lateness of this request.

The Administrative Manual, in Section 240-11, states that Employee Expense Reports that are submitted more than 40 work days after the last calendar day of the month in which the expenses were incurred require Board of Estimates approval.

Mayor's Office On Criminal Justice - Grant Adjustment Notice

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize acceptance of a Grant Adjustment Notice (GAN) with the Governor's Office of Crime Control and Prevention. The GAN extends the period of the grant through February 28, 2017.

AMOUNT OF MONEY AND SOURCE:

\$0.00 - 4000-472813-2252-690700-600000

BACKGROUND/EXPLANATION:

The GAN changes the date of the agreement from October 1, 2012 through August 31, 2016 to October 1, 2012 through February 28, 2017, allowing for additional time to continue programming and fully expend the funding. This is a no-cost extension. There are no other changes to the terms of the grant agreement.

On February 6, 2013, the Board approved a Grant for the "McElderry Park Revitalization Coalition" in the amount of \$938,773.00. This program aims to improve community safety by designing and implementing effective, comprehensive approaches to addressing crime within targeted neighborhoods.

On July 29, 2015, the Board approved the GAN changing the term of the original agreement from October 1, 2012 through September 30, 2015 to October 1, 2012 through August 31, 2016.

Department of Planning - Grant Agreements

The Board is requested to approve and authorize execution of the various Grant Agreements for the Bacterial Monitoring Program. The period of the agreement is effective upon Board approval for one year.

1. **BLUE WATER BALTIMORE, INC (BWB)** **\$ 40,000.00**

Account: 9905-926005-9188-900000-703032

The funds from this program are drawn from the City's Critical Area Management Program offset fee fund, which developers pay into when they disturb land close to the waterfront and cannot meet mitigation requirements on site. BWB is a non-profit comprised of our four former watershed associations plus the Harbor Waterkeeper. Grantees are chosen via an open application process, with the goals of improving water quality by reducing stormwater pollution, conserving and protecting wildlife habitat, and improving quality of life for the citizens of Baltimore. All grant allocations are pre-approved by the State's Critical Area Commission.

Under this agreement, the BWB will run a program to monitor water quality in Baltimore City's streams and the Inner Harbor, and report the results to the City and the public. BWB will monitor bacteria levels in Baltimore's streams and Inner Harbor at 49 sites by taking samples and having them analyzed at a State lab. The resultant data will be shared property with the Department of Public Works. Additionally, BWB will maintain a website to communicate information about water quality with the public. BWB is uniquely positioned to do this work because of their long history in the field of water quality in Baltimore City, and their trusted status as public educators and ambassadors between residents and government.

FOR COMMUNITY-MANAGED OPEN SPACE, INC.
D/B/A BALTIMORE GREEN SPACE (BGS)

Account: 9905-922004-9188-900000-703032

The funds from this program are drawn from the City's Critical Area Management Program offset fee fund, which developers pay into when they disturb land close to the waterfront and cannot meet mitigation requirements on site. The BGS is a non-profit created in 2007 to preserve and support community-managed open spaces in Baltimore City. Grantees are chosen via an open application process, with the goals of improving water quality by reducing stormwater pollution, conserving and protecting wildlife habitat, and improving quality of life for the citizens of Baltimore. All grant allocations are pre-approved by the State's Critical Area Commission.

Under this agreement, the BGS will run a program to mentor forest patch stewards, host stewardship events, produce training materials for forest patch stewards, and clear invasive plants and re-establish healthy understory vegetation in forest patches in Baltimore City. The BGS will work with between five and nine community-managed forest patches in Baltimore City, depending on the intensity of work needed at each site. In order to clear invasive plants and put in place management practices to prevent their return; to educate residents on forest management practices; and to continue to develop and implement their ongoing program to support stewardship and invasive plant management in Baltimore's forest patches. The BGS is uniquely positioned to do this work because of their excellent record of accomplishments and reputation at fostering citizen stewardship of community-managed green spaces.

3. **PARKS AND PEOPLE FOUNDATION, INC. (PPF)** **\$11,427.24**

Account: 9905-922004-9188-900000-703032

The funds from this program are drawn from the City's Critical Area Management Program offset fee fund, which developers pay into when they disturb land close to the waterfront and cannot meet mitigation requirements on site. The PPF is a non-profit formed in 1984 to improve the physical and social environment in Baltimore City. Grantees are chosen via an open application process, with the goals of improving water quality by reducing stormwater pollution, conserving and protecting wildlife habitat, and improving quality of life for the citizens of Baltimore. All grant allocations are pre-approved by the State's Critical Area Commission.

Under this agreement, the PPF in collaboration with the Westport Neighborhood Association will remove approximately 2.79 acres of invasive species to create a riparian buffer of native species. The project site is located directly adjacent to the Gwynns Falls waterway. Approximately 50 volunteers will remove 2,000 lbs. of trash from three vacant lots. The projected amount of nutrients and solids that will be captured by the newly planted native species are as follows: 232.44 lbs./yr. of Total Suspended Solids, 0.74 lbs./yr. of Phosphorus, and 10.52 lbs./yr. of Nitrogen.

Waterfront Partnership is a non-profit that was formed to respond to issues related to maintenance and management of Baltimore's Inner Harbor, and which spearheaded crucial environmental efforts related to water quality and environmental awareness. Grantees are chosen via an open application process, with the goals of improving wildlife habitat, and improving quality of life for the citizens of Baltimore. All grant allocations are pre-approved by the State's Critical Area Commission.

Under this agreement, the Waterfront Partnership will run a program to install 360 oyster cages in Baltimore City's Inner Harbor, train at least 200 volunteers to maintain them, and transport the mature oysters to the Fort Carroll Oyster Sanctuary. The Waterfront Partnership will also host the Great Baltimore Oyster Festival attended by over 1,500 people, and educate the public about the role of marine life in water quality. The Waterfront Partnership was awarded Critical Area funds in 2014 and 2015 for a similar oyster stewardship project, which was successful.

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Grant Agreement with Poe Baltimore, Inc. The period of the Grant Agreement is effective upon Board approval.

AMOUNT OF MONEY AND SOURCE:

\$21,345.29 - 1001-000000-0000-000000-125011

BACKGROUND/EXPLANATION:

On August 24, 2011, the Board approved a consultant agreement between the DoP and Cultural Resources Management Group (CRMG) in which the CRMG created a strategic and operational plan for insuring the financial sustainability of the Edgar Allen Poe House Museum. The CRMG recommended the creation of a new entity, Poe Baltimore, Inc., to provide oversight of the Museum's daily operations.

On October 3, 2012, the City engaged the Baltimore & Ohio Railroad Museum (B&O) to provide professional support to Poe Baltimore, Inc. with its incorporation as a 501(c)(3) organization; provided administrative and financial oversight; recruited board members, developed a fundraising plan and membership database; and physically prepared the Museum for new interpretation and re-opening on October 5, 2013.

This grant agreement will allow the City to issue a one-time payment of funds that were generated from many years of fundraising and charitable donations for the Museum. These funds will help with the daily operations of the Museum, which is open for visitors at least two days a week between April and December.

Baltimore City (PABC)

ACTION REQUESTED OF B/E:

The Board is requested to approve the expenditure of funds to pay Cale America, Inc. (Cale).

AMOUNT OF MONEY AND SOURCE:

\$54,625.00 - 5800-2075-000000-408700-603026

BACKGROUND/EXPLANATION:

The Board approved the Meter Maintenance Agreement on May 26, 2010, and an amendment to the Maintenance Agreement on February 5, 2014 that allowed for ADA upgrades and set the cost of the upgrade, and one-year extensions of the Maintenance Agreement on May 27, 2015 and June 1, 2016.

Cale has provided and installed the EZ Park Meters since 2004, and the meters were ADA compliant until new ADA standards were issued. Cale must provide the required parts and services to upgrade the meters because the equipment is proprietary.

The PABC worked for a number of years with the Mayor's Commission on Disabilities to improve the parking situation in Baltimore for people with disabilities. With the Mayor's Commission on Disabilities, the PABC has developed a program called Project SPACE to address this problem.

The goal of Project SPACE is to make all parking meters ADA compliant and provide hundreds of reserved on-street parking spaces for people with disabilities while requiring all parkers to pay for metered parking, including those displaying a disability placard or license plate.

Phase 1 of Project SPACE was launched in the Central Business District (Franklin Street to the north, President Street to the East, Pratt Street/Key Highway to the South and Martin Luther King, Jr. Boulevard to the West) on July 13, 2014. Persons that had been abusing disability placards for the free parking that

the placards previously provided, no longer have the incentive to park all day at meters, resulting in more turnover and availability of metered parking spaces. Phase 1 of Project SPACE also provided a steep decline in thefts of disability placards in the City from 23 per month prior to Phase 1, to fewer than 3 per month after commencement of Phase 1. Phase 1 of Project SPACE has exceeded expectations, leading to Phase 2 in Harbor East and Fells Point.

This expenditure of funds will allow for upgrades to 95 of the existing EZ Park meters so that the PABC may begin Phase 2 of Project SPACE.

"Jack" Young, Council President, City Council and staff, to solicit donations from area leaders to fund the enhancement of recreational and instructional programs offered to Baltimore City youth and seniors through the Productive Lives Active Youth (P.L.A.Y) Campaign. The period of the campaign is effective upon Board approval through June 30, 2017.

AMOUNT OF MONEY AND SOURCE:

No general funds are involved in this transaction.

BACKGROUND/EXPLANATION:

The donations will be solicited from Baltimore-area business and civic leaders. A potential donor list will be comprised of individuals and corporate entities that contribute to the cultural vitality of Baltimore City such as restaurants, art and music venues, universities, etc. Most of the individual and corporate entities fitting that description are not controlled donors. However, those potential donors who are controlled donors with respect to the City Council or the Board of Estimates will not be targeted or singled-out in any way and will be solicited, if at all, in the same manner as all other potential donors.

In order to adequately prepare youth to thrive academically, socially, and emotionally in the future, they must be provided a wide range of opportunities to strengthen their self-confidence, develop latent leadership skills, and to learn from positive role models.

BOARD OF ESTIMATES

Office of the President - cont'd

Due to current budget restraints, the Department of Recreation and Parks and the Health Department are limited in the diversity and scope of services they can provide to youth and senior citizens.

These constituency groups require social, recreational, and rehabilitative programs that should not be reduced or eliminated because of a limited City budget. Therefore, the Council President's goal is to solicit private donations to increase and enhance the selection of recreational and instructional programs offered to these individuals.

The P.L.A.Y. Campaign seeks to enhance the recreational experience through the beautification of centers and the development of program offerings including, but not limited to team and individual sports, swimming, movie screenings, cooking classes, talent and variety shows, theatre productions, academic monitoring, issue forums, senior symposiums, and arts and crafts activities.

In most instances, the recreational programming supported by the P.L.A.Y. Campaign is offered by local nonprofit organizations. However, all solicitation campaigns for specific purposes and programs intended to be carried out by either the Department of Recreation & Parks or the Baltimore City Health Department must first be approved, in writing, by the Director or Acting Directors of the affected Department and coordinated with any other ongoing campaigns in support of the Departments' programs.

No donation may be accepted with the conditions as to its use unless that donation and any conditions have been approved, in writing, by the Director or Acting Directors of the Department of Recreation & Parks or the Baltimore City Health Department.

Baltimore City Police Department - Grant Awards and Intergovernmental Agreement

The Board is requested to approve acceptance of the Grant Awards and approve and authorize execution of the Intergovernmental Agreement. The period of the Grant Awards is July 1, 2016 through June 30, 2017, unless otherwise indicated.

1. **GOVERNOR'S OFFICE OF CRIME** **\$50,165.00**
CONTROL AND PREVENTION

Account: 5000-588017-2013-212900-600000

This grant will provide funding for the services of a contractual administrative assistant who will provide data entry and coordination of the overall operation of the program, while police officers work on an overtime basis to increase the number of orders served.

This program is designed to increase the efficiency and effectiveness of ex parte/protective order data entry services and to reduce the high occurrence of domestic violence in the City.

2. **GOVERNOR'S OFFICE OF CRIME** **\$28,080.00**
CONTROL AND PREVENTION

Accounts: 5000-588317-2041-195800-600000	\$14,040.00
1001-000000-2042-220100-604003	\$14,040.00

The "New/Replacement Body Armor" grant will provide funding to replace 14 vests with imminent expiration dates for sworn officers and 14 new vests for anticipated new hires.

The City is required to provide a 50% cash match and has appropriated \$14,040.00 in the Department's Fiscal Year 2016 operating budget as the City's local matching cash fund.

AUDITS REVIEWED THE SUBMITTED DOCUMENTATION AND FOUND THAT IT CONFIRMED THE GRANT AWARD.

CITY COUNCIL BILL:

16-0694 - An Ordinance concerning South Baltimore Gateway Community Impact District - Establishment - For the purpose of creating a Community Impact District, to be known as the South Baltimore Gateway Community Impact District; specifying the boundaries of the District; creating an Authority and providing for its rights, duties, powers, and funding; providing for the selection and composition of the Authority's Board of Directors; providing for an Administrator for the Authority; mandating the financial responsibilities of the Authority and the City in conjunction with the operation of the District; specifying the City's role in maintaining and enhancing existing services; designating the Board of Estimates as the agency charged with reviewing and approving various matters relating to the District and the Authority; providing for the renewal, expiration, and termination of the District and the Authority; including the Authority, its Board of Directors, and its staff within the purview of the City Public Ethics Law; providing for a special effective date; and generally relating to the existence, operation, and control of the South Baltimore Gateway Community Impact District and Authority.

THE LAW DEPARTMENT AND THE DEPARTMENT OF PLANNING ARE FAVORABLE WITH THE FOLLOWING COMMENTS AND AMENDMENTS:

Law Department

1. On page 3, after line 20, insert "*Considerations*."

In adopting an Ordinance, the City Council has:

(1) given consideration to the views of the property owners, the retail merchants, the property tenants, and the other members of the business and residential communities within the South Baltimore Gateway Community Impact District; and

BOARD OF ESTIMATES

(2) made a determination that the South Baltimore Gateway Community Impact District will reflect:

(i) a diverse mix of business and residential properties; and

(ii) a diverse economic, social, and racial mix."

This language is required by Art. II, §69(f) of the Charter.

2. On page 6, line 13, the bill grants power to the Authority to create criteria and procedures for determining which community grants it intends to distribute. This is not entirely consistent with State Gov. Art. §9-1A-31. The Law Department suggests amending this provision on page 6, line 10 to insert "Subject to the requirements of Md. Ann. Code, State Gov. Art. §9-1A-31."
3. On page 7, line 1 after "goods" insert "and services".
4. On page 8, line 24, strike "or, if more restrictive,"
Inclusion of this phrase does not make sense. If a power is specifically withheld by the Charter provision, it is not a power exercisable by the Authority whether more restrictive or not.
5. On page 8 after line 25, insert "(10) may not employ individuals who reside outside the City" This is required by the Charter §69(e)(1)(.ix).
6. In Section 19-6(c), the phrase "or otherwise inhabited" is vague making it impossible to determine if the law is being complied with. On page 9, line 5 strike beginning with "irrespective" through the end of line 6.

BOARD OF ESTIMATES

CITY COUNCIL BILL: 16-0694 - cont'd

7. On page 10, strike beginning with "these" on line 14 through line 16. This language is inconsistent with §69(c) (v) and (vi).
8. On page 12, line 24, after "plan" insert "and making recommendations to the City." This is the language from §69(d) (2) for consistency.
9. It is not clear what funds this section is referring to. §9-1A-31(A) (1) (I) refers to the entire pot of local impact grant funds for all local jurisdictions and §9-1A-31(b) (3) gives 50% of that pot of money to the Authority. This allocation is repeated in §19-3(c) (2) of this bill. The State law however does not say 50% of the funds "distributed to the City." It says "50% of the local impact grants provided under subsection (a) (1) (i)," which the entire pot of money available to all local jurisdictions. This may not have been the intent but that is what it says.

This bill assumes that the State law intends to give 50% of the amount allocated to the City under (a) (1) (i) to the Authority. The State law should be amended in the next General Assembly session to reflect the intent. This section of the bill mandates that the City agree in its MOU with the Authority to report to the Authority how it intends to expend the rest of the City's allocation of local impact grant funds. If the City would rather negotiate this matter when the MOU is drafted, §19-10 (B) should be stricken from the bill.

10. On page 13, line 15 after "subtitle" insert "and State Gov. Art. §9-1A-31(b) (3)."
11. On page 14, strike lines 9-10 and substitute "Local impact grant funds shall be distributed to the City pursuant to State Gov. Art., §9-1A-31(A) (1) (i). Funds will be distributed to the Authority as provided in §9-1A-31(b) (3) through the City's budget and appropriation process."

12. On page 14, strike lines 11-17, State law provides for funds to be distributed to the City and appropriated to the appropriate entity for projects in the impact area.
13. On page 15, line 5, after "functions", insert ", subject to §19-5(B)(10) of this subtitle".
14. On page 16, after line 6 insert "(3) arrange for the disposition of all real and personal property owned by the Authority and remit all proceeds to the City."

Provided the bill is amended as proposed above, Law Department can approve City Council Bill 16-0694 for form and legal sufficiency.

Department of Planning

The Department of Planning recommends the following amendment:

- Modify Section 19-3(B)(4) to add the following purpose for the CID: (4) Implement the recommendations outlined in the South Baltimore Gateway Master Plan, adopted by the Planning Commission in 2015, or any updates or new plans that supersede the 2015 plan that are formally adopted by the Planning Commission.
- Re-number Section 19-3(B)(4) to be Section 19-3(B)(5).

Department of Public Works - Partial Release of Retainage Agreement

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Partial Release of Retainage Agreement in the amount of \$129,079.62 for Monumental Paving & Excavating, Inc. for Water Contract No. 1269 Northwest Community Action Neighborhood Water Main Replacements.

AMOUNT OF MONEY AND SOURCE:

\$129,079.62 - 9960-905136-9557-000000-200001

BACKGROUND/EXPLANATION:

As of December 9, 2015, Monumental Paving & Excavating, Inc. has completed 100% of all work for WC 1269, Northwest Community Action Neighborhood Water Main Replacements. The contractor has requested a partial release of retainage in the amount of \$129,079.62. Currently, the City is holding \$143,421.80 in retainage for the referenced project and the contractor is requesting to reduce the amount of retainage to \$14,342.18. The remaining \$14,342.18 is sufficient to protect the interest of the City.

Department of Public Works/ - Scheduling of Public Hearing on
Department of Finance Proposed Water and Sewer Rate
Increases and Miscellaneous Fee
Increases

ACTION REQUESTED OF B/E:

The Board is requested to schedule a hearing for the proposed water and sewer rate increases. Notice of the proposed rates will be published as required. A hearing on August 31, 2016, at 9 a.m. is suggested.

BACKGROUND/ EXPLANATION:

Pursuant to Ordinance 941 which implements the City Charter Amendment, approved by the voters in 1978, the water and wastewater utilities must be maintained as self-sustaining operations. Under this Ordinance, it is the duty of the Director of Finance and the Director of Public Works to recommend to the Board of Estimates rates and charges to make the utilities self-sustaining.

The City is finalizing the replacement of all residential and commercial water meters in both Baltimore City and Baltimore County. The new meters are being outfitted with the Automatic Metering Infrastructure (AMI) technology in the City and Automatic Metering Reading (AMR) and AMI technology in the county. This upgrade will provide greater accuracy in meter reading and improve the timeliness of billing, reduce the number of estimated bills resulting from limited access to meters, improve customer service by providing detailed and timely responses to customer inquiries, and reduce water loss through continuous monitoring and enhanced operational efficiencies.

In addition, the City is replacing the water and sewer customer information and billing system. We have begun testing this system and have started training our employees on its use. Along with this change, we will be transitioning from quarterly to monthly billing. The new billing system is expected to go-live for Baltimore City customers on October 11, 2016.

AGENDA

BOARD OF ESTIMATES

DPW/Finance - cont'd

Compliance with Federal and State mandates, protecting public health and environment, as well as investing in our aging underground water and sewer systems will require the City to continue to allocate revenues to fund multimillion dollar capital projects. The Water Capital Improvement Plan over the next six years is estimated to be \$1.3 billion in appropriations. This includes water main rehabilitation and replacement, the covering of finished open water reservoirs, the rehabilitation of the Vernon, Cromwell, Pikesville, Towson and Ashburton pumping stations, improvements to the Montebello Water Filtration Plant, and the design and construction of the new Fullerton Water Filtration Plant. The Wastewater Capital Improvement Plan over the next six years is estimated to be \$701.1 million in appropriations. This includes regulatory-driven enhanced nutrient removal upgrades at the Back River Wastewater Treatment Plant, the headworks improvements at Back River and Consent Decree corrective action improvements.

To be able to maintain the utilities as self-sustaining, we are requesting a hearing to propose changes to our existing charge structure, a modified water and sewer rate structure, a forecast for three-year rate increases, and proposed increases to the utilities' miscellaneous fees.

Proposed Rate Structure:

The implementation of the new billing system is complemented by an enhancement of the existing rate structure. The proposed rate structure will eliminate the current use of minimum billing charges and will provide transparency by breaking down the bill to show customers exactly what costs are included in their bills. The proposed new rate structure eliminates the current declining block water rates, which results in large volume water users paying a lower rate per unit of water. Instead, by switching to a more equitable rate structure, the same volumetric rates will apply to all customers. This change will encourage conservation of water and will promote conscientious water usage practices.

DPW/Finance - cont'd

The proposed rate structure includes two fixed components and a volumetric component. The fixed components are:

1. An Account Management Fee intended to recover the cost of billing and related support services to our customers and their accounts. This will be charged as a flat monthly fee per bill.
2. An Infrastructure Charge intended to recover a portion of capital costs for investing in our pipes, plants, and other assets that benefit all customers. The infrastructure charge will have separate water and sewer rate components charged by meter size.

The water and sewer systems budgets are primarily fixed costs that are independent of the volume of water used and treated. With the proposed rate structure, the fixed components recover a portion of these expenses that benefit all customers so the utility is less dependent on volumetric consumption. The volumetric component of the proposed rate structure applies to each unit of water and sewer in a billing period. One unit equals 100 cubic feet (Ccf), or approximately 748 gallons. The volumetric rates will be applied with the first unit of consumption. The following table details the proposed monthly rate structure and the rates over the upcoming three-year period.

Required Rate Increases/Proposed Rate Structure:

The required rate increases and proposed rate structure are necessary to ensure fiscal sustainability and to keep the utilities self-sustaining. The proposed rate structure has been designed on the basis of a "revenue neutral" concept. The proposed rate structure and required rate increases have been designed to generate the same level of revenue that the current rates would have generated with across-the-board rate increases of 9.9% and 9.0% for water and sewer, respectively.

AGENDA

BOARD OF ESTIMATES

07/27/2016

DPW/Finance - cont'd

The following table shows the proposed rate increases for the current and the next two fiscal years (the fiscal year starts on July 1st and ends on June 30th). For Fiscal 2017, the proposed rate increases will not be effective for a full year and will start October 11, 2016.

Proposed Rate Increases		
	Water	Wastewater
October 11, 2016	9.9%	9.0%
July 1, 2017	9.9%	9.0%
July 1, 2018	9.9%	9.0%

Due to the elimination of the quarterly minimum allowance and other revisions to the charge structure, the impacts of the proposed rate structure on customer bills will vary by meter size and consumption level. In other words, if the City chose not to change the existing rate structure, all customers, assuming no change in their consumption patterns, would have experienced a 9.9% increase in their water and 9% increase in their sewer bills; however, under the proposed rate structure, some customers will pay more but others will pay less while the City generates the same amount of revenue.

For example, without changing the rate structure, the proposed rate increases would result in a Fiscal 2017 total water and sewer bill increase of 9.4% per year for a typical Baltimore City residential customer with a 5/8" meter consuming 21 ccf per quarter (or 7 ccf per month). This represents a monthly increase of \$6.99 or \$20.96 per quarter; however, under the proposed change to the rate structure, the same customer would see an increase of approximately 3.4% in Fiscal 2017, which equates to \$2.50 per month or \$7.52 per quarter.

Scenario 1: Customers Pay per unit consumed

Scenario 2: Customers subject to 5% increase in rate, but continue paying per unit consumed

Scenario 3: Hypothetical new rate structure. Fixed component and volumetric charge

- Scenario 1 represents what these customers currently pay without rate increases. The total consumption is 1,550 units while the total revenue is \$7,750.00 (Column C).

AGENDA

BOARD OF ESTIMATES

DPW/Finance - cont'd

- Under Scenario 2, all these customers are subject to a 5% increase in their water rates; therefore, at the same level of consumption, Customer 1 pays \$28.00 more while customer 10 pays \$50.00 more, both values equivalent to 5% more than their prior water bills. The total amount of revenue generated after the rate increase is \$8,138.00 (Column F).
- Scenario 3 shows the incorporation of a hypothetical new rate structure that includes a fixed component of \$10 per customer. Since all customers are subject to this fixed charge, there is \$100.00 of revenue generated even if consumption is zero; however, in order to be "revenue neutral" there is \$8,038.00 that needs to be recovered by the variable rate.
- Assuming that all 10 customers do not change their consumption patterns, it is determined that the variable rate per unit that would generate the required amount of revenue is \$5.19 (Column J).
- The new water bill is determined by applying the variable rate to each customer's consumption and adding the fixed component. By doing so, the "revenue neutral" concept is achieved (Column F equals Column L with a total of \$8,138.00 in revenue). As detailed in Column M, customer 1 is now paying 5.5% more while customer 10 will be paying 4.7% more, or as detailed in Column N, customer 1 is now paying 0.5% more while customer 10 will be paying 0.3% less than what they would have been paying under the current structure after a rate increase.

In order to facilitate the understanding of the proposed changes, the City has made available online an interactive tool for customers to assess the impact of the required rate increases and the proposed rate structure at any given meter size and consumption level. This tool can be found at: <http://publicworks.baltimorecity.gov/water-billing-calculator>

AGENDA**BOARD OF ESTIMATES****07/27/2016**DPW/Finance - cont'dCounty Rates:

It is proposed that the Howard, Anne Arundel and Carroll counties wholesale rates be increased as follows:

Proposed Water County Rates			
Howard County	Fiscal 2017	Fiscal 2018	Fiscal 2019
Wholesale Service (all Units)	\$2.147	\$2.360	\$2.594
Anne Arundel County			
Wholesale Service (all Units)	\$2.147	\$2.360	\$2.594
Carroll County			
Raw Water (all Units)	\$0.761	\$0.836	\$0.919

It is also proposed that Anne Arundel County water retail rates be increased as follows:

Anne Arundel County - Water Retail Service				
Quarterly Use Block	Current Rate	Fiscal 2017	Fiscal 2018	Fiscal 2019
First 50 Units	\$4.775	\$5.248	\$5.768	\$6.339
Next 450 Units	\$2.789	\$3.065	\$3.368	\$3.701
Over 500 Units	\$1.915	\$2.105	\$2.313	\$2.542

If adopted, the proposed rates will be effective on October 11, 2016, July 1, 2017, and July 1, 2018. Increased cost of water and sewer service will be passed on to Baltimore County through the City-County Agreements. Baltimore County establishes its own water rates with City concurrence.

Senior Citizen Discount:

It is recommended that eligible senior citizen consumers 65 and older in Baltimore City who apply and whose annual household income does not exceed \$30,000.00 receive a 43% discount on the total water and sewer volumetric charges. The annual household income threshold will be annually adjusted for inflation by using the Consumer Price Index (CPI) for the Washington-Baltimore area as published by the Bureau of Labor statistics as

of May of each year. This is a continuation of the program already provided by the City.

Low Income Water Assistance Program:

It is recommended that the annual credit amount of the Low Income Assistance Program be increased from \$179.00 to \$197.00 for eligible citizens meeting the low income criteria. This is an enhancement of the program already provided by the City.

Miscellaneous Fees:

In addition to the changes to the water and sewer user charges, the City has evaluated the charges for miscellaneous services and it is recommended that miscellaneous water fees be updated and approved as follows (list of miscellaneous charges and current and proposed are shown on the next page). If adopted, the proposed miscellaneous fees will be effective on October 11, 2016, July 1, 2017, and July 1, 2018.
